PETITION FOR RECONSIDERATION

Mountain West Broadcasting ("Mountain West"), pursuant to Rule 1.104 files this Petition for Reconsideration of the *Report and Order*, 2000 FCC Lexis 1987 (April 14, 2000). The *Report and Order* denied the request of Mountain West to allocate Channel 265C to Littlefield, Arizona as that communities first local aural transmission service. The Commission concluded that Littlefield was not a community for allotment purposes.¹

1. Background.

At the request of Mountain West, the Commission issued a *Notice of Proposed Rulemaking*, 14 FCC Red. 15332 (1999) ("*Notice*") proposing the allotment of Channel 265C to Littlefield, Arizona. The *Notice* requested that Mountain West provide additional information relevant to Littlefield's status as a community for allotment purposes. Mountain West filed comments stating that Littlefield, Arizona had a population of 100 according to the 1990 Rand McNally Commercial Atlas and Marketing Guide, had several retail businesses, including Hidden Valley Preserve, the Littlefield Golf Course, Beaver Dam Service Station, and Beaver Dam Lodge. The Mountain West Comments also state that Littlefield has its own post office and zip code (86432), as well as its own fire department, Community College, two elementary schools (the Littlefield Elementary School and Virgin Valley School). Finally, Mountain West provided phone listings for individuals, all indicating Littlefield as their place of residence.

¹ This Petition for Reconsideration is timely filed within 30 days of public notice of the Commission's *Report and Order*. See, 65 Fed. Reg. 85 p. 25463 (May 2, 2000).

The Commission concluded, based on the information submitted, as well as its own independent research that Littlefield does not qualify as a community for allotment purposes. The Commission faulted Petitioner for providing no official documentation to support the population it attributes to Littlefield, for failing to identify the several retail businesses that it attributes to Littlefield, or to provide street addresses to demonstrate their presence in Littlefield.² The Commission further noted that it had no indication that Littlefield contains any political, social, economic, commercial, cultural, or religious organizations and services that identify themselves with that locality.

2. Littlefield is a Community for Allotment Purposes.

Although Littlefield, Arizona is not incorporated or listed in the U.S. Census, it is a community for allotment purposes. Littlefield demonstrates many of the indicia of community status considered by the Commission. Littlefield has over 27 businesses, 2 schools, a community college, its own fire department, its own post office, its own zip code, governmental services, its own telephone exchange, a church and residents who clearly identify themselves with Littlefield. See Exhibit A. The Commission only requires a reasonable showing of community status – it has never required a minimum amount of commercial activity or a minimum indicia of community status. The Commission has specifically provided:

If a community is not listed in the U.S. Census or incorporated, the proponent of an allotment must show the location to be a geographically identifiable population grouping. *Revision of FM Assignment Policies and Procedures*, 90 FCC 2d 88,101 (1982). This may be proven by the "testimony of local residents or by objective indications of the existence of a common perception that a locality's populace constitutes a distinct 'geographical population grouping'." *Beacon Broadcasting*, 2 FCC Rcd 3469 (1987), *aff'd* 2 FCC Rcd 7562 (1987). Objective indicia of community status include the existence of political, commercial, social and religious organizations and services in the community. See *Semora, North Carolina*, 5 FCC Rcd 934 (1990). *However, we note that not all of the above indicia are required to be shown and further that the Commission has never established a minimum amount of commercial activity necessary to qualify an area as a community.* (emphasis added.)

Arnold and Columbia, Ca., 7 FCC Rcd 6302 at Paragraph 11 (1992).

² Petitioner cited the 1998 Rand McNally Commercial Atlas and Marketing Guide to support the 100 person population of Littlefield. It is a source regularly used by the Commission. Furthermore, street addresses are provided for the referenced businesses in the Exhibits attached to the Comments filed by Mountain West.

3. Indicia of Community Status.

Littlefield has the following community attributes:

a. Fire Department.

Littlefield Fire Dept, I 15 Exit 9 FM Rd, Littlefield, AZ 86432.

b. Post Office.

US Post Office, Littlefield, AZ 86432.

c. Governmental Services.

Littlefield has: Mohave County Environmental, Littlefield, AZ 86432; Mohave County Planning-Zoning, Littlefield, AZ 86432; Mohave County Public Works, Littlefield, AZ 86432; Highway Dept Maintenance, Littlefield, AZ 86432; and Transportation Dept, PO Box 184, Littlefield, AZ 86432.

d. Schools.

Littlefield Elementary School, 630 N Highway 91, Littlefield, AZ 86432; and Virgin Valley School, Littlefield, AZ 86432.

e. Businesses.

f. Civic/Churches.

Little Church, Littlefield, AZ 86432.

4. Past Precedent Supports Finding Littlefield as a Community.

Littlefield easily meets the threshold criteria for community status. In *Redwood, Mississippi*, 1998 FCC Lexis 3891 (July 31, 1998), the Commission found that Redwood, Mississippi is a community for allocation purposes despite the fact that it has a population of only 200, is not incorporated, and has no autonomous governing body. Redwood has ten businesses, one church, a volunteer fire department, post office, and provides municipal electricity. Littlefield, by contrast, has more than 27 businesses, a church, a volunteer fire department, post office, zip code, telephone exchange, 2 schools, a community college, and governmental offices.

Similarly, in *Homerville, Lakeland, and Statenville, Georgia*, 6 FCC Rcd. 5802 (1991), the Commission determined that Statenville is a community. Statenville is not incorporated or listed in the census report. Statenville is a county seat, has one civic organization, four churches, a community center, some businesses, a post office, and a fire station.

In *Cal-Nev-Ari, Boulder City, and Los Vegas, Nevada*, 1999 FCC Lexis 5038 (October 8, 1999), the Commission determined that *Cal-Nev-Ari* is a community entitled to an FM allotment, despite the fact it has a population of only 350 people, is not incorporated, or listed in the U.S.

census. *Cal-Nev-Ari* has a casino, a post office, gas station, a Laundromat, mobile homes, a motel, a market, and recreational vehicle park and ranch. *Cal-Nev-Ari* has no local government, no community organizations, civic or social organizations, or religious institutions.

In *Implementation of BC Docket No. 80-90 to Increase the Availability of FM Broadcast Assignments (Semora, North Carolina)*, 5 FCC Rcd. 934 (1990), the Commission found that Semora, North Carolina is a community. Semora is not listed in the census, has a population of only 150, has no local government, and provides no municipal services except for a volunteer fire department. Semora has a civic organization and two churches.

In *Arnold in Columbia, California, supra*, the Commission on reconsideration reversed itself, concluding that Columbia, California is a community for allocation purposes. Columbia, which was neither incorporated nor listed in the U.S. Census had only a Chamber of Commerce, a local school, bank, hotel, post office, two year community college, and a branch of the California Docent Society. The Commission concluded, "We believe the existence of these business and services are sufficient objective indicia of community." *Id.* at Paragraph 12.

In *Kenansville, Florida*, 5 FCC Rcd. 2663 (1990), the Commission again reversed itself on reconsideration and determined that Kenansville, with a population of 700 is a community. Although Kenansville was not listed in the census or incorporated, it was listed in the Rand McNally Commercial Atlas, had its own post office, zip code, telephone exchange, volunteer fire department, a church, community center, several businesses, and a civic center.

The cited precedent fully supports a finding that Littlefield is a community for allotment purposes. None of the above communities was incorporated or had its own government. Several of the communities had no schools, Littlefield does. Several had no college, Littlefield does. Several had no fire department, separate zip code or telephone exchange. Littlefield does. It is true that Littlefield has no police department, government, or chamber of commerce. None of the communities cited above did either, and the Commission has made it clear that there is no such

requirement. *See Kenansville, Florida, supra.* at Paragraph 10 ("The Commission does not require a municipality to provide every municipal service in order to merit a finding of community status. Therefore, the fact that Osceola County provides police protection, schools, and garbage collection does not inevitably lead to a conclusion that Kenansville is not a community. Similarly, the absence of local government, a newspaper, or a bank is not fatal to Meredith's claim."); *Redwood, Mississippi, supra.* at Paragraph 4 ("Although Redwood does not appear to have a local police force, garbage collection, water district, or sewage, the Commission has stated that a municipality need not provide every public service on its own in order to merit community status, nor is the absence of a newspaper or a bank fatal to community status."); *See also, Semora, North Carolina*, 5 FCC Rcd. at 935.

5. The Conflicting Authorization Issued to Station KONY-FM to Operate on Channel 266C at Kanab, Utah.

The Commission notes in footnote 1 of its *Report and Order* that the allotment of Channel 265C to Littlefield is considerably short spaced to the authorization issued to station KONY-FM to operate on Channel 266C in Kanab, Utah. The Commission acknowledges that the Mountain West proposal to allocate Channel 265 to Littlefield (filed on March 3, 1999) was filed prior to the KONY-FM one step upgrade. The Commission stated it is "an inefficient use of Commission resources and, contrary to public interest, to cancel KONY-FM's authorization pending resolution of this proceeding" in light of Littlefield's "questionable status as a community for allotment purposes." The Commission's reluctance to rescind the KONY-FM construction permit should in no way increase the threshold requirements for establishing Littlefield as a community. Undersigned is aware of no precedent in which a mistaken grant of a construction permit can be considered as a public interest factor. On the contrary, the Commission has made it quite clear that the first-filed rulemaking is to be protected. As noted by the Commission recently in *Ankeny and West Des Moines, Iowa*, 2000 FCC Lexis 877 (February 25, 2000):

Since Fuller-Jeffrey's rulemaking proposal was filed before the Ottumwa application, it was entitled to protection under the Commission's policy and rules set forth in *Conflicts between Rulemaking Proposals and Applications*, 7 FCC Rcd. 4917 (Comm. 1992), *recon. granted in part and denied in part*, 8 FCC Rcd. 4743 (Comm. 1993). ...Under these circumstances, it would be unfair to the rulemaking petitioner to consider that its proposal is now unacceptable because of a short-spacing that was subsequently and properly authorized by the staff. We have taken this approach in some prior cases and reaffirm their applicability. *See e.g., South Burlington, Vermont*, 6 FCC Rcd. 7111 (Allocations Branch 1991).

In any event, Channel 265C can be allocated to Littlefield without adversely effecting the KONY-FM upgrade. KONY-FM can upgrade on Channel 267C, at its proposed site, and not interfere with the allocation at Littlefield. *See* Engineering Exhibit B.

6. Conclusion.

Littlefield is a community for allocation purposes. It has: over 27 businesses, 2 schools, a community college, its own fire department and post office, its own zip code, its own telephone exchange, a church, and governmental offices. These are objective indicia of Littlefield's community status which exceed the community indicia in numerous other proceedings in which the Commission has made favorable community determinations.

WHEREFORE, Mountain West respectfully requests that Channel 265C be allocated to Littlefield, Arizona.

Respectfully submitted,
